{mosgoogle}

Blue Nile, has diamond earrings available in many possible styles such as solitaire diamond earrings, three stone diamond earrings, stud diamond earrings, drop diamond earrings, fashion diamond earrings, hoop diamond earrings, heart diamond earrings, and triple bezel diamond drop earrings.

At Blue Nile you can also build your own diamond earrings, to your specifications. When building your diamond earrings, the first thing you will choose is the style of earring. The style of earring consist of 3 parts, first the diamonds. The choices for the diamonds are, the princess cut diamonds, the round diamonds, or the asscher diamonds. The next thing to choose is the metal for your diamond earrings to be set in. Your options are 18K yellow gold, 18K white gold, or platinum. The last thing to choose for the stye of your diamond earrings, is the style of prong. The style of prong selection consist of a three prong, four prong, and a bezel setting.

After choosing all of the selections available for styles, you would then proceed to selecting your diamonds. This is done by entering a price range for the amount of money to spend on your diamond earrings. You would then go on to choose the diamond cut, clarity of the diamond , the total weight of the diamond and the price of the diamond. After selecting the specifics for your diamonds, you will then be shown a picture and a final price. Having your diamond earrings custom made at Blue Nile, leaves all of the details available for you to choose exactly what you want.
